I joined **BioGenx Global in June 2008**. I recruited 10 people (friends) to start a downline and paid over a hundred dollars every month for inferior products that started out O.K. but, **were then watered down.**

For a period of 3 months, my credit card was charged for product that was never sent!

My downline recruited people which put me at a higher level to receive a large sum of money from the company's compensation plan. I have never been paid and my friends were very upset that they spent hundreds of dollars every month and never got paid either.

I have been blamed for this whole nightmare thanks to **Dr. Simeon Cuffy ND** and his people at BioGenx Global LLC.

I spoke to an employee who informed me that the company was broke and the checks were never going to be sent!

Note that this date is **after** the date at which Tri-Health Products stopped supplying product to BioGenx Global.
